## Education

**Bronx High School of Science: Bronx, NY**

Anticipated Graduation: June 2021

---

## Experiences

**Marakon High School Business Training Program:** Summer Intern

Summer 2020

- Participated in a case study to analyze a client's data and suggest new operating model to augment client's profit margins.
- Developed essential strategy consulting skills and learn concepts such as economic valuation, global market analysis, and investment.

**Youth4am Volunteer Work:** Teacher Assistant Leader

Summer 2020

- Volunteered and assisted instructors in preparing course material. Managed a team of 8 junior Teaching Assistants.
- Tutored students in English and Math to prepare for high school admission.
- Led Q&A sessions and mentored incoming high schoolers about life as a high schooler.
- Participated in leadership training and improve public speaking abilities.

**NBC Internship:** Intern

February 2020

- Developed advertising ideas for new upcoming program (Peacock) to be launched in the Summer for the Olympics.
- Conducted study on how to garner attention of teenagers who have historically expressed low interest in cable news channels.

**The Academic and Leadership Development Academy (ALDA):** Student

Summer 2019

- Participated in leadership training, learned to network, and developed team-building skills.
- Interviewed volunteers from Goldman Sachs to learn more about their college journeys, career paths, and work experiences.

---

## Extracurricular Activities

**National Honor Society:** Member

2020-Present

- Exemplify excellence as a student academically and socially. Uphold NHS 4 Pillars of Scholarship, Service, Leadership, and Character.
- Volunteer to tutor students within the Bronx Science community as well as participate in a program that taught students outside of the school by helping them review and gain insight on how they can improve.

**Asian American Association:** Member

2018-Present

- Host Asian cultural events and celebrate holidays to give students a platform to share their heritage and culture.
- Help facilitate an open dialog for students of Asian descent to discuss socioeconomic issues and solutions for society.

**Minds Matter NYC Mentoring:** Mentee

2017-Present

- Meet with mentors on a weekly basis to develop communication and networking skills for life while working in a professional environment.
- Participate in SAT, college prep, and enriching program experiences to prepare academically and professionally for college and beyond.

**Programming Academy - Bronx Science Hackers:** Member

2017-Present

- Learn to code and advance programming skills through student-led projects.
- Participate in local hackathons including the annual BronxSci-hosted "AtomHacks".

**Key Club:** Member

2017-Present

- Manage planning and logistics for major events in order to build a volunteer's character and develop their leadership skills through Leadership Training Conference (LTC).
- Volunteer and lead events such as cancer fundraisers, park cleanups, awareness walks, and soup kitchens distributions.

**Badminton Club:** President

2017-Present

- Lead club and represent the club on front of the student council and treasury to ensure proper budget is allocated.
- Raise money through fundraising to purchase equipment and expand the club's outreach to students.
- Hold tournaments between participants within the club and manage court occupancy so games won't interfere with one another.

**E-Sports Club:** Staff

2017-Present

- Spearhead club endeavors to establish relationship with corporate sponsors such as Microsoft and Valve to promote AR/VR games.
- Participate in and devise gaming strategies to win in city tournaments.
